

PRINT + PREP

Print your flags. Each 8.5" x 11" sheet includes two letters. Print the full set on regular paper, or use card stock for a sturdier banner. Each finished flag will measure about 5" x 7.5".

CUT + FOLD

Trim around the edges of each flag, keeping the gray area attached. Then, fold along the top edge of the flag. This flap will wrap over the string and help keep the banner secure.

ARRANGE + HANG

Arrange the letters and space evenly. Slide the string under each folded flap and fasten with tape or glue. Hang up and celebrate! Don't forget to snap photos and tag [@iowaadmissions!](https://twitter.com/iowaadmissions)
